Boogie

Opis produktu

The Boogie is a lighter more vented version of our original and provides better peripheral vision. The high clarity flexible lens and a soft vinyl edge easily flexes to any face size. It even fits over some low profile glasses. It's a goggle that has proven itself for over 50 years of air sports. Great for protection from wind, dust, dirt, sand, pollen, and more. Tinted (Grey) lenses provide 100% UVA and UVB protection.
