Chronos

Opis produktu

****Coming Soon!****

Designed "from the ground up", the latest creation from Alti-2 the Chronos is a simple and innovative visual-only electronic altimeter. The ergonomic "wear all day" wristwatch style design provides skydivers quick time and date reference on the ground while waiting for the next load. Skydivers will notice very quickly Chronos' simple and intuitive nature, and recognize Alti-2's proven mode detection technology already built in.
