CURV "Fully Loaded"

Opis produktu

Container highlights

- Eliminates the gap between the rig and your back by curving to conform to your body
- Specially designed end tabs that result in a lower profile of the main container

Harness highlights

- The upper harness is built from TY-8 webbing for comfort and flexibility.
- Stainless steel hardware is standard for looks and durability.
- All housings are completely fabric-covered for looks, and utilize stainless steel clamps for security.

Bonus/accessories highlights

- BOC stowage flap helps; with hackey-handle placement for a more consistent pull.
- "Sure-Grip" emergency handles provide extra assurance for those times you really need it.
