FAST MT Super High Cut Helmet

Opis produktu

Features and specifications:

- FAST MT (Formally FAST Maritime)

- Super High Cut, ballistic shell made of a hybrid composite of carbon, unidirectional polyethylene and woven aramid.
- Hybrid composite material yields a shell weight reduction of 42% when compared to the traditional US Army ACH shell, and further reduction of 20% when compared to the FAST XP High Cut Helmet.
- Ear cut geometry is 16mm higher than the FAST XP High Cut shell shape, allowing for clearance of larger headset style communications devices.
- Dedicated Side Armor and Mandible components are specifically matched with the higher ear cut geometry.
- Available with four liner system options.
- Includes Ops-Core Helmet Bag.
